## Page 46

white milk  
wheat bread  
chicken sandwich  
broth  
cherry pie  
soft shell tacos

## Page 49

A snail has a soft body covered by a shell. It creeps along on a foot. Its body has a head with feelers, eyes, a mouth, and tiny teeth. Land snails live in shady places. They lay eggs in the ground. A moving snail makes a sticky slime to help it move. Snails live almost everywhere.
