

# Follow the Trail

## Directions:

Review the names of the animals with your child before you begin. You will need three pennies—one to flip and two to use as markers. Decide who goes first. The player flips a coin and moves two spaces for heads and one space for tails. The player must say the name of the animal that his or her marker lands on and the letter that starts the animal's name. Once the player says the correct letter, it is the next player's turn. If your marker does not land on an animal, follow the directions for that space. The first player to reach the lion wins!
